#### **Unfinished Business:**

Jerry read the updates from the Solar group meeting that Chris had with Elizabeth Swain. Mark asked who gets the tree growth penalty, Town or State? The Town receives the penalty money.

Selectman reviewed notice to haulers on the landfill. John asked why. Susan stated that they needed this to get caught up as they got behind since the fire. John asked how the new machine was doing.

#### **New Business:**

Board reviewed letter sent to Charter Communications.

#### **Other**

John said that the Great Moose Lake Association is still interested in doing the inspections at the boat landing. Susan stated that they would have to work with the State and the Town has no responsibilities.

#### **Public Forum (Agenda Items Only)**

Mr. Greenburg asked about the tax revenue amount that the solar project would generate.

Jerry said that it was around 2 million. Mark also pointed out with that kind of increase that our School and County Tax will go up and our Revenue Sharing will go down.

Mrs. Greenburg asked if they could read aloud the Landfill notice. Jerry read aloud and Susan stated that it was also on our website and was handed out to all of our haulers.
