Independent Auditors' Report

To the Board of Selectmen
Town of Hartland
Hartland, Maine

We have audited the accompanying financial statements of the governmental activities, business-type activities, and the aggregate remaining fund information of Town of Hartland, Maine, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

OPINIONS

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and the aggregate remaining fund information of the Town of Hartland, Maine, as of June 30, 2017, and the respective changes in financial position in accordance with accounting principles generally accepted in the United States of America.

OTHER MATTERS

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information on page 26 is required by accounting principles generally accepted in the United States of America. This information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The budgetary comparison schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements.

Other Information

The other supplemental information section is the responsibility of management and the schedules were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit to the basic financial statements. In our opinion, the other supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management Discussion and Analysis Period Ending June 30, 2017

As management of the Town of Hartland, this narrative provides an overview and analysis of our financial activities for the fiscal year ended June 30, 2017. This is in compliance with implementation of the Governmental Accounting Standards Board statement No. 34 (GASB 34). This information should be read in conjunction with the financial statements.

Financial Highlights

The Town provides services for highways and streets, protection, sanitation, public improvements, education, and health and welfare. The Town operates on a fiscal year, July-June.

The Town also owns and operates a pollution control facility and landfill that primarily serves the Town's most significant industry, Tasman Leather Group, LLC and in town sewer users. The Town currently pays 6% of the HPCF budget and Tasman pays 94%. Debt service is split the same percentage. In November of 2015, the landfill became stand alone and Tasman Leather Group pays for service by the ton.

The Town's budget for 2016-17 totaled as follows:

Municipal	\$1,329,815
RSU #19	\$1,366,820
County	<u>\$ 320,540</u>
TOTAL	\$3,017,175

The pollution control facility and landfill enterprise funds have assets of \$5,023,170 as of June 30, 2017, but liabilities of \$5,822,049. The largest liability is the unfunded amount of estimated landfill closure costs of \$4,131,650 and post-closure costs estimated at \$1,660,000. The Town has begun setting money aside for this liability. Net position is \$(798,879).

Overview of the Financial Statements

The Town of Hartland's basic financial statements consist of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

GOVERNMENT WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the Town of Hartland's finances in a manner similar to a private sector business.

The statement of net assets presents information on all of the Town's assets and liabilities, with the difference between the two being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the Town of Hartland's financial position is improving or deteriorating.

The statement of activities presents information showing how the Town's net assets change during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the time of related cash requirements. This means that revenue and expenses are reported in this statement even if the resulting cash related movement does not occur until future fiscal periods (e.g. uncollected taxes).

The statements distinguish between activities of the Town of Hartland that are principally supported by taxes and intergovernmental revenue (governmental activity) and those activities that are intended to recover all or a significant portion of their costs through user fees (e.g. the treatment plant). Governmental activities include Administration, Education, County Tax, Fire, Public Works, Highways, Solid Waste, Recreation, Cemetery Care, Charitable Aid, Debt Service and Capital Maintenance.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Hartland, like other state and local governments, uses fund accounting to insure and demonstrate compliance with finance related legal requirements. All of the funds of the town can be divided into these categories: government funds, proprietary funds and fiduciary funds.

GOVERNMENTAL FUNDS are used to account for essentially the same functions as are reported in the government-wide financial statements. However, the fund financial statements focus on near-term cash flows as well as balances of spendable resources. This type of accounting is called modified accrual, which means it focuses on cash and all other financial assets that can readily be converted to cash.

To allow the reader to better understand the fund financial statements in relation to the government-wide financial statements, reconciliations are provided between the two.

PROPRIETARY FUNDS are used to report activities that are supported primarily through charges to customers for services provided by the town. Proprietary funds are reported in the Statement of Net Position and the Statement of Activities. The Treatment Plant and Landfill activities are reflected in the Proprietary Funds.

FIDUCIARY FUNDS are used to account for monies held for the benefit of parties outside the town. Fiduciary funds are found in our financial statements as cemetery trust funds and as funds that are to be turned over to outside organizations.

Financial Analysis

TOWN AS A WHOLE

The Town's net position is increasing every year due to the reorganizing of our debt and monitoring spending.

The net assets were:

Town	\$ 3,795,302
HPCF & Landfill	\$ (798,879)
Total	\$ 2,996,423

CAPITAL ASSETS AND DEBT ADMINISTRATION

The Town's capital assets totaled \$1,823,817 in its governmental activities as of June 30, 2017. These assets are primarily buildings and equipment because most of Town infrastructure (Roads, Bridges, Sewer Lines, Sidewalks) are not included in the assets. The Town will include all new infrastructure in future financial statements.

LONG TERM DEBT

The Town's long term Bond Debt is as follows as of June 30, 2017

Bond Bank (Landfill Closure)	\$ 57,610	1%	2019
Bond Bank (1997 HPCF)	\$ 60,775	3%	2017
Maine Water Company (salt shed)	\$147,730	0%	2042
USDA (Landfill)	\$203,084	2.0%	2043

ECONOMIC FACTORS AND FUTURE BUDGETS

The Federal and State government continues to cut funding, which forces the town to be more financially responsive at a local level. These factors along with the general economic climate as a whole make it very challenging to maintain the mil rate.

FIDUCIARY NON-TOWN ACCOUNTS

The Town acts as the fiduciary for non-expendable trust funds, the income of which may be used for cemetery maintenance. The balance in those funds is approximately \$49,245.

Respectfully submitted,

Christopher Littlefield
Town Manager

**Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2017**

Net change in fund balances - total governmental funds (Statement 4)	\$	16,532.41
 <i>Amounts reported for governmental activities in the Statement of Activities (Stmnt. 2) are different due to the following items:</i>		
Depreciation expense recorded on Statement of Activities, yet not required to be recorded as expenditures on governmental funds		(80,676.00)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. More specifically, this represents the net amount of principal reduction in debt service made during the fiscal year.		603,512.82
Capital outlays expensed on the Governmental Funds report (Stmnt. 4), yet not considered an expense for the purposes of Statement of Activities (Stmnt. 2)		322,947.77
Revenues in the Statement of Activities (Stmnt 2) that do not provide current financial resources are not reported as revenues in the funds. More specifically, this amount represents the change in deferred property taxes.		5,727.00
Issuance of long-term debt recognized as revenue in fund statements, yet not considered revenue for purposes of the government-wide statements		(143,198.77)
<hr/>		
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES (STMT. 2)	\$	724,845.23

**TOWN OF HARTLAND, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Town of Hartland, Maine (the Town) was incorporated in 1820. The Town of Hartland, Maine operates under a town meeting – selectmen form of government and is incorporated under the laws of the State of Maine.

The accounting policies of the Town conform to U.S. generally accepted accounting principles (GAAP) as applicable to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – For State and Local Governments*, and its amendments, established new financial reporting requirements for governments and caused the Town to restructure much of the information presented in the past. For enterprise funds, GASB Statement Nos. 20 and 34 provide the Town the option of electing to apply FASB pronouncements issued after November 30, 1989. The Town has elected not to apply those pronouncements. The more significant of the government’s accounting policies are described below.

In evaluating how to define the Town for financial purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity is made by applying the criteria set forth in GASB Statement No. 14 *The Financial Reporting Entity* as amended by GASB Statement No. 39. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body’s ability to exercise oversight responsibility. Based on the criteria, it was determined that no other entities should be included in the Town’s financial statements.

B. Basis of Presentation

The Town’s basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town’s major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type.

Government-Wide Financial Statements

The Government-wide financial statements consist of a Statement of Net Position and a Statement of Activities and reports information on all of the non-fiduciary activities of the Town as a whole.

The Statement of Net Position reports all financial and capital resources of the Town and reports the difference between assets and liabilities as “net position” not fund balance or equity. The Statement of Activities shows the degree to which the direct expenses of a given function or segment are offset by program revenue and reflects the “net (expense) revenue” of the Town’s individual functions before applying general revenues. The Town has elected not to allocate indirect costs among programs. Program revenues include 1) charges to customers for services and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

**TOWN OF HARTLAND, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. The focus of governmental and proprietary fund financial statements is on major funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements, with non-major funds being aggregated and displayed in a single column. The General Fund is always a major fund.

Because of the basis of accounting and reporting differences, summary reconciliations to the Government-wide financial statements are presented at the end of each applicable fund financial statement.

C. Measurement Focus and Basis of Accounting

Governmental Fund Types

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Capital Project Funds - Capital projects funds are used to account for financial resources to be used for the acquisitions or construction of major capital facilities.

Proprietary Fund Type

Enterprise Funds – These funds are used to account for operations of the wastewater treatment plant (HPCF) and a related landfill (Landfill) along with a closed dumpsite that are operated in a manner similar to a private business. The costs of providing treatment services to Tasman Leather Group, LLC and the general public and operating the landfill are financed through user fees to Tasman and Town appropriations. Fees paid by Tasman and appropriations from the town are recorded as revenues by the enterprise fund since they provide funds necessary to operate the facility. The measurement of financial activity focuses on net income similar to the private sector.

Fiduciary Fund Type (Not included in government-wide statements)

Expendable Trust Fund – This fund accounts for transactions related to assets held by the Town in a trustee capacity.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting is a conceptual description of the timing of the accounting measurements made.

The Government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, in accordance with GASB #34. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

**TOWN OF HARTLAND, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

As a general rule, the effect of interfund activity has been eliminated from the Government-wide financial statements.

Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis concept, revenues are recognized when they become measurable (estimable as to the net amount to be collected) and available as current assets. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, non-capital financing, or investing activities.

When both restricted and unrestricted resources are available, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Budgets and Budgetary Accounting

Formal budgetary accounting is employed as a management control for the general fund only. Annual operating budgets are adopted each fiscal year by the registered voters of the Town at their annual Town meeting. Budgets are established in accordance with generally accepted accounting principles. Budgetary control is exercised at the selectmen level, since individual department heads do not exist. All unencumbered budget appropriations lapse at the end of the year unless specifically designated by the Board of Selectmen or required by law.

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses

Cash and Cash Equivalents

Cash and cash equivalents include currency on hand, demand deposits with financial institutions, and other accounts with an original maturity of three months or less when purchased. Investments are recorded at fair value.

Interfund Receivables and Payables

Short-term advances between funds are accounted for in the appropriate interfund receivable and payable accounts.

Capital Assets and Depreciation

Capital assets, which include property, plant, equipment and infrastructure assets (roads, bridges, sidewalks and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The Town defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical costs or estimated historical costs, if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

**TOWN OF HARTLAND, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	25-50
Infrastructure	25-50
Treatment plant	50
Machinery and Equipment	3-20

Net Position and Fund Balances

In the Government-wide financial statements, the difference between the Town's total assets and total liabilities represents net position. Net position displays three components – invested in capital assets, net of related debt; restricted (distinguished between major categories of restrictions); and unrestricted. Unrestricted net position represents the net assets available for future operations.

In the Fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. These designations are categorized as follows:

Non-spendable – Funds that are not in spendable form, such as funds that are legally required to be maintained in tact (corpus of a permanent fund).

Committed - Funds that are constrained for specific purposes that are determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified or rescinded only through a Town meeting vote.

Assigned – Funds intended to be used for specific purposes set by the Board of Selectmen.

Unassigned – Funds available for any purpose.

Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenue arises when resources are received by the Town before it has legal claim to them. In subsequent periods, when both revenue recognition criteria are met, or when the Town has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

**TOWN OF HARTLAND, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property Taxes

Property taxes for the current year were committed on August 1, 2016, on the assessed value listed as of April 1, 2016, for all real and personal property located in the Town. Payment of taxes was due September 16, 2016, and March 2, 2017, with interest at 7% on all tax bills unpaid as of the due date.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$8,366.38 for the year ended June 30, 2017.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Compensated Absences

Vacation and sick pay benefits are substantially non-vesting and are not material. Therefore, no liability has been recorded in the financial statements for the year ended June 30, 2017.

Risk Management

The Town pays insurance premiums to Maine Municipal Association to cover risks that may occur in normal operations. The Town purchases employee fidelity bond coverage. There have been no significant reductions in insurance coverage from the prior year. No settlements of claims have exceeded insurance coverage in the current year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates are used to determine depreciation expense. Actual results could differ from those estimates.

2. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk of deposits is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk.

GASB Statement No. 40 directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized or collateralized by securities held by the pledging financial institution's trust department but not in the Town's name. At June 30, 2017, cash deposits had a carrying value of \$1,793,351.01. Of the deposited amounts, \$250,000 per bank was protected by depository insurance, plus pledged securities with the financial institution. Accordingly, the Town was not exposed to custodial credit risk at June 30, 2017.

**TOWN OF HARTLAND, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

2. DEPOSITS AND INVESTMENTS

Investments

The Town does not have a written investment policy, but follows state statutes. At June 30, 2017 the Town had funds invested with a Bangor Savings Bank certificate of deposit in the amount of \$586.49, equities with Symetra in the amount of \$48,658.31, and a certificate of deposit with Maine Savings Federal Credit Union in the amount of \$1,049,346.63. All invested funds were protected by federal deposit insurance or Securities Investor Protection Corporation.

3. CAPITAL ASSETS

2022	32,393.64
2023-2027	103,639.92
2028-2032	87,916.00
2033-2037	57,520.00
2038-2042	29,546.00
	\$ 609,397.62

5. MUNICIPAL SOLID WASTE LANDFILL CLOSURE COSTS

The Town of Hartland operates a secure sludge landfill. At present, one section of the landfill, about one-fifth of the available capacity, is in use. As each section reaches capacity, the top and part of the slope are closed and another section is opened next to it.

State and federal laws and regulations require that the Town place a cover on each section of the landfill when it is closed and perform certain maintenance and monitoring functions on each section for thirty years after closure. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are being recognized based on future closure and post-closure care costs that will be incurred near or after the time when the currently active section of the landfill no longer accepts waste. The recognition of these landfill closure and post-closure costs is based on the portion of this section used during the year. The estimated liability for closure, post-closure, and leachate costs has a balance of \$5,791,650 based on Phase II, Phase III, and the remaining undeveloped licensed area, estimated at 4.5 acres.

**TOWN OF HARTLAND, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

6. COMMITMENTS AND CONTINGENCIES

According to Town management, there are no matters that would result in adverse losses, claims, or assessments against the Town through the date of the audit report.

7. FUND BALANCES

ASSIGNED FUND BALANCES:

General Fund:

Roads	\$ 125,000.00
Historical society	6,000.00
Annual testing	<u>9,000.00</u>
	<u>\$ 140,000.00</u>

Special Reserve Fund:

Pool	\$ 7,777.76
CDBG	49,446.12
Property sales	31,843.01
Equipment sales	37,286.97
Perpetual care	2,875.00
Landfill post monitoring	56,421.59
Landfill cell opening	60,632.95
Landfill intermediate cover	17,263.92
200 th birthday celebration	30,000.00
Fire department reserve	10,000.00
New town office	140,198.70
Landfill	101,941.28
HPCF upgrades	<u>54,936.11</u>
	<u>\$ 600,623.41</u>

COMMITTED FUND BALANCES:

Capital Project Fund:

Redevelopment	\$ 3,797.54
Annex redevelopment	<u>2,092.54</u>
	<u>\$ 5,890.08</u>

8. SUBSEQUENT EVENTS

Management has made an evaluation of subsequent events to and including the audit report date, which was the date the financial statements were available to be issued, and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

9. BEGINNING BALANCE ADJUSTMENT

The beginning balances for the Enterprise Funds required an adjustment. The adjustment transferred the estimated Landfill closure cost liability from the HPCF Enterprise Fund to the Landfill Enterprise Fund. The adjustment resulted in an increase in HPCF's beginning net position and a decrease in the Landfill's beginning net position of \$5,791,650.00.
