1.) Minutes of Previous Meeting – 9/21/ 2015 minutes Read aloud by Judy
Motion made to accept as read voted 2-0 accept

2.) Public Forum

Do we have to match each grant for the Annex with \$40,000? Chris explained that each grant has a 20% match, however, on the second grant we are going to track and prepare cost structures for our landfill and security for the location. This will hopefully qualify us for in-kind services and we won't need the full \$40,000 each time.

3.) Old Business

Reviewed Landfill Project....complete but some wash out from storm...Sargent to fix.

Discussed more about Maine State Retirement---Chris to invite Stephanie Fecteau to present the data more thoroughly

Signed Hartland Annex Redevelopment and Hartland Redevelopment paperwork to authorize Chris as daily manager of redevelopment organizations.
Chris to forward additional paperwork to selectmen from the attorney

4.) New Business

Motion to engage in contract with MRWA to prepare the LOI for the 2016 CDBG grant.

5.) Other

Signed holding tank requests

Chris reported that rumors on the street are that getting a cemetery lot in Hartland is very difficult. Chris assured the Selectmen that it is a challenge as

there are limited lots around town. Often people are unhappy with the available locations. No one has complained directly to Chris about having difficulties.

Chris reported that Cal is bush hogging at the annex already and upset that doors are being left open daily

Chris shared the upcoming KVCOG meeting schedule

6.) Signed Warrants

Adjourned
Respectfully Submitted,
