*Citizens voiced their concerns with signing the Appointment for Interim Fire Chief. Fire department asked the Board to let them go to their meeting and vote a fire chief instead of the Board appointing one. John made motion to be tabled with no vote, as he felt he did not have all the information that was needed to make a decision in prior executive session. There was more discussion and was voted to allow the fire department to go to their meeting and the Board would meet again on Tuesday October 15th at 5:00 pm to see if the fire department voted in a fire chief and they would sign the appointment papers for who was voted by the fire department

When is Blake and Crosby St where they had the water breaks going to be fixed? Will call Maine Water

Corner of Blake & Seekins has big hole where there is a drain.

Deanna Davis stated she fell at the transfer station because of ruts in front of dumper. Terry stated that he has asked for gravel several times and shoes for the backhoe.

Debbie asked the Selectman to each answer the following question:

If DEP has had enough and shuts down the landfill what do you each think it will do? Judy – Cost to tax payers, maintaining it for 30+ years, cost of hauling our sludge off – John – it would be good and bad, Hadley – it would be a serious situation.
